Subject: [AFL Email Test] [EXTERNAL] FW: Sans and Serif 2021 Casualty Submission

Hi Team,

Please see attached US Primary and Excess Casualty submission for effective 12/1/21-22. We have included the following:

Coverage Specs Named Insured Listing Org Chart (post dropdown)

Payrolls/Autos/Revenues/schedules

Pipeline schedule with (please remember ?HAS? has a separate premium of \$50M JP tower and Crestwood?s excess liability tower covers our interest only above JP program)Drilling and Workover schedule

Non-Owned Aviation applicationLoss Information and Summary (Belli, keep me posted on the 12/31/2016 auto claim and how much paid on your layer. I?ve reached out to legal for comments as well). For purposes (Clint/Natasha), this claim was settled within the \$2M primary limit. Reports

On the primary casualty, we are looking for \$750K and \$1M deductible options for Workers? Compensation. I know we increased deductibles last year, but we need to show these 2 options to management again. On the, we are looking to erode the deductible, instead of the historical pro-rata feature.

We are looking at a primary/umbrella quote date of 10/27/21 so please let me know if you have any questions in the meantime and if you think this will be an issue. We?ve got to move quickly on this renewal, but

know the

risk better than anyone else. Here to chat as needed. Thanks and look forward to working with yall on.
